Dear Sir

Following action plan is proposed by CoE Pantnagar, based on the Experts' comments:

1. In order to promote inter-disciplinary research, publications and patents etc., 04-06 Research Engineers of different disciplines shall be appointed against the assistantship component, as discussed in the review meeting.
2. Workshop /Symposium, involving all CoEs of related area shall be organized to showcase the ongoing research and explore the areas of joint research.
3. Inviting the faculty research proposals on thematic area and providing research grant to the potential proposals on competitive basis
4. The existing practice of providing grant to students' research projects on thematic area shall be continued.

regards
